

The ergonomic education chair

The Xact education chair is an ergonomic and durable choice. Students spend an average of six hours a day at school, so movement is important to maintain concentration and promote learning. Xact encourages natural back movements and features a FreeFloat™ mechanism that allows the seat and backrest to follow the body's movements independently of each other. The tilting resistance, height and seat depth of the chair are easy to adjust to suit all individuals, from the tallest to the shortest class member. Xact is available in two different heights, choose between adjustable feet or castors for increased flexibility. Xact Start is a smaller version suitable for younger students.

Xact is equally comfortable for adults, which makes it ideal as a meeting and conference chair. This means that it can be used throughout the school, from preschool classes to staff rooms. All versions are suspendable on tables, which makes cleaning easier.

Choose from several different colours and materials from Kinnarps Colour Studio, all of which live up to strict requirements for quality and durability.

Functions & options

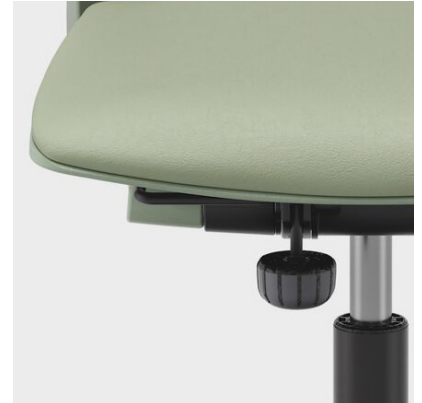

XACT AND XACT START

Xact is suitable for students taller than 145 cm. Xact Start is a smaller version of Xact that is suitable for younger children, height approx. 110 – 160 cm.

ENCOURAGE MOVEMENT

Xact encourages natural back movements. The FreeFloat™ mechanism allows the seat and backrest to follow the body's movement independently.

TILTING RESISTANCE

The chair's tilting resistance is easily customised to suit each individual. The knobs are easy to reach and it is quick and smooth to adjust. Only available on Xact, not on Xact Start.

HEIGHTS AND SEAT DEPTHS

The seat depth of the chair can be adjusted. The lever is easy to reach and easy to use when making personal adjustments. The seat height is easily adjusted for all individuals, from the tallest to the shortest in the class.

FOOT RING

Simple offloading footring, attached around the gas spring and height-adjustable.

COMFORTABLE FOOTREST

Has a footrest for comfortable support. Attaches around the gas spring and is height adjustable for individual customisation.

UPHOLSTERED SEAT

The seat can be upholstered with fabrics from Kinnarps Colour Studio, carefully selected to meet stringent quality and durability requirements.

UPHOLSTERED BACK

An upholstered back is also available as an option (only available for wooden backs) for extra comfort and an appealing look. Choose fabrics from Kinnarps Colour Studio.

SUSPENDABLE

All versions are suspendable on tables, which makes cleaning easier. The frame makes it easy and secure to hang the chair on the table.

Colours & materials

Kinnarps Colour Studio (KCS) is our range of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. A well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.

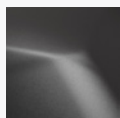

Seat/back Plastic, laminate, moulded wood, upholstered seat, upholstered back.

Footrest Black plastic or metal.
