

A safe student chair for the school's younger students

Casper is a student chair that combines comfort and function – designed for the youngest students, from preschool up to middle school. Casper contributes to a school environment where children can sit comfortably and with focus throughout the day.

The chair is both height- and depth-adjustable, making it easy to adapt to each student's individual needs. The included adjustable footrest ensures an ergonomic sitting position – with support for both back and legs – creating the right conditions for concentration and learning. Casper can also be equipped with soft, washable covers for the seat and back – an optional feature that not only increases comfort but also gives the chair a warm and inviting look.

On the back of the backrest, there is a name tag where each student can easily label their chair, helping to maintain order in the classroom. There is also a practical handle for easy lifting and moving of the chair, as well as a hook for hanging bags or jackets. Casper can also be hung on tables, making cleaning easier.

Casper is available in various colours and materials from Kinnarps Colour Studio – a collection that meets strict requirements for both quality and sustainability. This makes it easy to create an interior that lasts over time, even in demanding school environments.

Functions & options

MOULDED BIRCH

Casper with seat and back in moulded birch. A durable material with a natural expression.

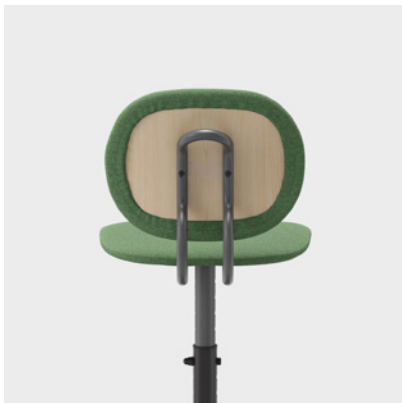

PLASTIC

Casper with seat and back made of durable grey plastic. Hard-wearing and easy to wipe clean.

ADJUSTABLE FOOTREST

Height-adjustable footrest with a patterned plate to stimulate foot zones.

WASHABLE COVER

Cover with 15 mm padding on both seat and back, easy to remove for washing at 60°C. Available in green, blue, rust red or grey.

FELT GLIDE

Choose felt glide if the chair is placed on a hard floor – it reduces scraping noise and creates a calmer sound environment.

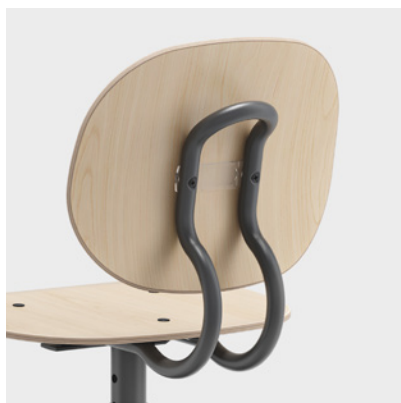

SUSPENDABLE

The chair can be suspended on a table, freeing up floor space and making cleaning easier.

NAME TAG

On the back of the backrest there is a name tag for easy identification of the chair's owner.

HANDLE AND HOOK

On the back of the chair there is a handle and a hook – for easy moving and hanging of bag or jacket.

ADJUSTABLE SEAT DEPTH

The seat depth can be adjusted with a screw for individual adaptation.

Colours & materials

Kinnarps Colour Studio (KCS) is our range of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. A well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.

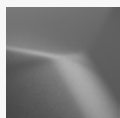

Seat/back Moulded birch or dark grey plastic.

Footrest Dark grey plastic.
