

Versatile range of tables for total solutions

Oberon is our versatile range of well-designed desks, meeting tables, coffee tables and café tables for designing complete spaces. A range for the modern way of working and meeting that seamlessly integrates technology and functionality. Stylish and ergonomic with a Scandinavian design. Our tables allow you great freedom of choice in combining tabletops, underframes, materials and colours. Connectable and easily reconfigured, they provide durable and flexible spaces that are easy to customise to your changing needs. The height of the ergonomic sit/stand desks can be adjusted electrically for easy alteration.

The tabletops are available in many lovely materials, including stained ash veneer in many different colours from Kinnarps Colour Studio.

Desks

The desks are available in many versions. Choose between different tabletop designs and underframes. Sit/stand desks are highly stable and electrically height-adjustable for the best possible ergonomics. Flexible solutions for technology, audio and video make it possible to replace functions and modules as technology changes.

The overview shows our entire collection of tabletops. When selecting wooden legs and legs that are integrated into Space Spine, options are limited.

Coffee and café tables

With coffee and café tables of varying heights, you create relaxing environments that encourage meetings, small talk and work. The tables offer great possibilities to match design and materials to other furnishing to give a uniform aesthetic impression.

Height 550 mm

Height 740 mm

Height 900 mm

Height 1050 mm

Adjustable pillar base Height 710-1125 mm

Meeting and conference tables

Oberon meeting and conference tables offer great freedom to combine tabletops in different sizes, shapes and materials with the latest in communication technology, audio and video. The tables enable you to create different types of meeting spaces based on the need.

CONFERENCE TABLE Height 740 mm

MEETING TABLE Height 900 mm

MEETING TABLE Height 1050 mm

MEETING TABLE WITH ADJUSTABLE PILLAR BASE Height 765-1180 mm

Functions & options

SIT/STAND MANUAL CONTROL

Intuitive hand control for easy customisation of working height.

SLIDING TOP

Sliding top on desks gives a tidy impression. Cables are collected in the underlying cable tray, included.

CHAMFERED EDGE

Available as options for table tops with veneer and select laminates. Gives the table top a slightly floating look.

CONTOURED TOPS

Square, rectangular, round, tear-shaped and oval, etc.

METAL/VENEER PANELS

Discreet panel that blocks view from the front.

LINKABLE TABLE TOPS

Linkable table tops, corner tops and side panels enable you to change the tables as your needs change.

COLLISION PROTECTION

Oberon height-adjustable tables have ISP as standard, which protects the electronics in the event of a collision with an object. The table stops and moves back a few centimeters.

ROUND LEGS

Well-designed, functional round leg for motorised sit/stand desks.

SQUARE LEGS

Well-designed, functional square leg for motorised sit/stand desks.

Functions & options

CHROME

All the frames in the Oberon family are available in trivalent chrome. Withstands hard wear and gives the product an even longer service life.

WOODEN A-LEGS

Choose between solid oak, beech, birch or ash or lacquered black and white. Applies to fixed height 740 mm.

SIT/SIT ADJUSTABLE LEGS (SM/SMA)

Easy, variable manual adjustment 630-850 mm with crank. The tables are also available in a fixed height of 740 mm.

FIXED HEIGHT PILLAR TABLE (TPM/TPA/TPH)

Meeting table and coffee table with cruciform base. Table height: 740 mm (TPM), 900 mm (TPA), 1050 mm (TPH).

CASTORS

Legs can be fitted with lockable castors for increased flexibility.

ADJUSTABLE FOOT

All Oberon tables have adjustable feet to compensate for uneven floor surfaces (up to 10 mm).

CAFÉ TABLE GAS PILLAR

Pillar table with adjustable table height. Perfect for quick meetings or temporary work.

OBERON WITH SPACE SPINE

Specially developed underframe with legs that are attached to the Space storage system via Space Spine.

PROGRAMMABLE MANUAL CONTROL

Manual control that shows the table's current height and enables four preset heights.

Functions & options

SENSOR-ACTIVATED COLLISION PROTECTION

As an option, there is a sensor-controlled collision protection (ANPI) for increased protection for the user.

PLUG & PLAY CONTROL SYSTEM

Modern system for controlling all table functions. For simpler future configuration changes.

POWER TRAY, PT2T51

Decorative cover tray for Power Dot 51. For 2 power outlets 51 mm. Is also available for 3 power outlets.

POWER DOT 80, T80PD4

Electrical connection for placement in 80 mm holes. 1 cable port with soft cover that locks cables in place. One GST18 connection cable in various lengths.

CONFERENCE LID SMALL, ACB2-S

Solid sheet metal lid that can be opened in two directions. Should be supplemented with a cable basket.

POWERBOX, PB664

Integrated into the table for easy access to electrical and network connections. Spacious compartments to conceal cables. Can also be closed when plugged in. Delivered with Wieland and an extension cord in several lengths.

POWER CLAMP, PCL2-S

Flexible and movable placement by mounting around the tabletop. For easily accessible electrical and network connection. Delivered with Wieland and an extension cord in several lengths.

WIRELESS CHARGING UNIT, T80WCU

Functional and elegant wireless charging with Qi standard for mobile phones. The power is 5W. Connection cable is included.

OPTI. Smart options and accessories for desks and meeting tables. This is only a selection. For our full range, see kinnarps.com

Colours and materials

Kinnarps Colour Studio (KCS) is our range of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. A well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.

Table tops and underframes Oberon is available in several different materials and colours.

For more information about colours and materials, see kinnarps.com/kcs.
