

A comfortable student chair that grows with the student

Jesper is a student chair that combines comfort and function, making it ideal for students from middle school and up. With its design and easy adjustability, it fits just as well in the classroom as in other learning environments where flexibility and long-term use are important.

The chair is easy to raise and lower, making it simple to adjust the seat height to match the desk and the student's height. This ensures that each student, regardless of body size, gets an individually adapted sitting position. For higher seating positions, there is an adjustable footrest with a textured surface to reduce the risk of slipping. It provides foot support and ensures that all students can sit correctly with good posture. Jesper can also be equipped with soft, washable covers for the seat and backrest – an optional feature that not only enhances comfort but also gives the chair a warm and inviting look.

On the back of the backrest, there is a practical name tag that helps with classroom organization. To facilitate cleaning, the chair can be suspended on tables. A handle makes it easier to lift and move the chair, and it can also be used as a hook for hanging a bag or jacket.

Jesper is available in various colours and materials from Kinnarps Colour Studio – a collection that meets strict quality and durability standards. This makes it easy to create an interior that stands the test of time, even in demanding school environments.

Functions & options

MOULDED BIRCH

Jesper with seat and backrest in moulded birch. A durable material with a natural expression.

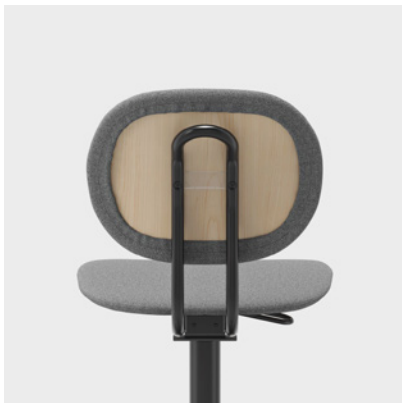

ADJUSTABLE SEAT HEIGHT

Jesper has adjustable seat height. This allows it to be adapted to the individual and the table in use.

ADJUSTABLE FOOTREST

Height-adjustable footrest with a patterned plate to stimulate foot zones.

WASHABLE COVERS

Cover with 15 mm padding on both seat and back, easy to remove for washing at 60°C. Available in green, blue, rust red or grey.

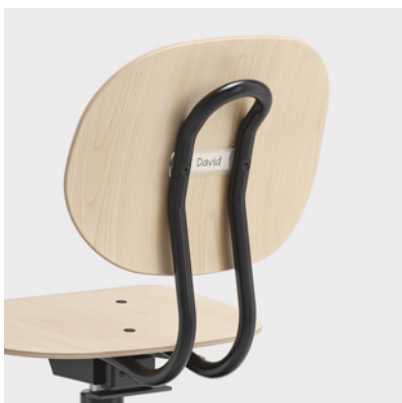

GLIDES

Comes with sturdy black plastic glides as standard.

SUSPENDABLE

The chair can be suspended on a table, freeing up floor space and making cleaning easier.

NAME TAG

On the back of the backrest there is a name tag for easy identification of the chair's owner.

HANDLE AND HOOK

On the back of the chair there is a handle and a hook – for easy moving and hanging of bag or jacket.

Colours & materials

Kinnarps Colour Studio (KCS) is our range of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. A well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.
