

Comfortable shell chair in a wide choice of finishes

Leia is the sustainable shell chair that offers comfortable seating, withstands heavy use, and is available in stackable and linkable versions. A perfect chair for meeting rooms and classrooms, auditoriums, coffee shops and restaurants. The highly comfortable polyamide shell relieves pressure on the lower back and legs.

The easy-to-clean and scratch-resistant material makes it ideal for public spaces, conference venues, coffee shops and restaurants. Leia is also available with an upholstered seat and in a fully upholstered finish – all on five different underframes. This makes it easy to customise the chair to meet different needs and to create versatile spaces with a coherent look, which is sustainable over time.

As many of the models are stackable and linkable, these chairs are easy to bring out, rearrange and put away as needed.

The Leia shell chair comes in a wide choice of colours that you can mix and match freely. The shell or seat cushion can also be upholstered with Kinnarps Colour Studio fabrics, giving you endless possibilities.

Functions & options

ARMREST

The 4-leg and sledge underframe versions of Leia can be fitted with armrests in black or white fibreglass plastic.

UPHOLSTERED SEAT CUSHION

The seat can be upholstered with any Kinnarps Colour Studio fabric, which also includes OEKO-TEX and EU Ecolabel options.

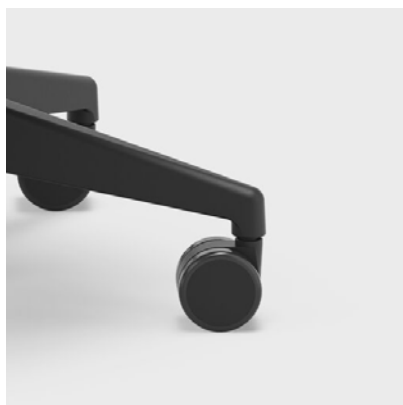

FULLY UPHOLSTERED

Leia is available in a fully upholstered version for soft and comfortable sitting. Choose from the hundreds of colours and fabrics in Kinnarps Colour Studio to personalise the look.

CONNECTORS

For lateral linking of Leia with 4-leg or sledge. The bracket is easily attached to/unattached from the chair.

CASTORS

Black braked castors or glides as accessories to 5-star base.

FELT GLIDE

If the chair is to be placed on hard flooring, adding felt glides under the legs will reduce scraping and provide a quieter acoustic environment.

STACKING PROTECTION

Practical protection for use when stacking fully upholstered or fabric seat Leia, to avoid marks on the seat. The stacking protection can also be retrofitted.

STACKING TROLLEY

Easily manoeuvrable trolley for convenient stacking and transportation of chairs (CHAIRTR01). Space for up to 20 chairs. Four castors, two of which are lockable.

STACKING TROLLEY

Stacking trolley (D-0500) with four castors, two of which are lockable, suitable for 540, 540 A, 540 SLEDGE, 540 A SLEDGE.

TROLLEY

Adjustable trolley for convenient stacking and transportation of chairs (STOL KU).
Space for up to 10 chairs.

Colours & materials

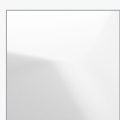

Kinnarps Colour Studio gives you access to hundreds of sustainable, creative and attractive materials, colours and prints.

Seat shell Plastic, upholstered seat cushion or fully upholstered.

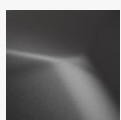

Underframe Chrome or powder-coated metal in black, white, Cream beige, Sandstone beige or silver.
